

HAPPY HOLIDAYS!

29th April 2022

My Dear Children,

I say my dear children, because you are not, for us students at Don Bosco, but our own children as much as you are for your parents and loved ones. Count us among your loved ones. We missed the opportunity to connect with you during the pandemic years. I pray we do not have that type of separation anymore, ever.

Now you will be on vacation, some of you in the higher classes will be carrying on preparing for your higher classes, All the Best for that!

Vacation is a time not just to relax, but to find something more to learn. Understand how your parents labour hard in the kitchen, go to the market in the heat, at the workplace, etc. Appreciate them, but also give a helping hand, to keep your place clean, help in some of the house hold chores, your devices and the television can take a break now and then and show how much you care and love your parents and loved ones at home. Learn a few skills like cooking, stitching, ironing, hanging the clothes to dry, carry the heavy grocery bag from your parents, etc. these small chores though small, goes a long way in showing you care for your family and your home.

My Dear Parents,

Our children are gems, may these vacations help them to grow into sparkling diamonds. Together we need to polish them to bring out that sparkle. It would be good they understand your labour of love for them and that they take part in it, by assisting you in doing the small chores that they are capable of at their age, mind you they are much more capable than we think they are and far more intelligent than we were, when at their age. Give them responsibilities and tasks that they can achieve and learn from, those that make good habits for their new scholastic year.

My special gratitude to Fr. Principal - Fr. Blaise Fernandes who has steered us through the difficult pandemic times and otherwise too, Fr. Administrator - Fr. Roy Noronha for his hard work and Fr. Thomas Chalissery for his animating presence, as they move to new assignments, God Bless them for being a gift and a blessing to Don Bosco, Nerul. Thank you!

Dear children, we Salesians (Fathers and Brothers) wish you the best for the summer, enjoy the break, come back refreshed and wiser as you learn something new in life, but most importantly to be more loving and caring for your families.

Blessings and prayers from all the Salesians at Don Bosco Nerul!

We look forward to welcoming you back in June 2022.

God go with you!

Fr. Barnabe Dsouza sdb
Rector
